## Groveland Substation Grid Transformation Plan

To better serve you and your community, Dominion Energy is modernizing grid infrastructure at Groveland Substation. This project is part of our Grid Transformation Plan which will meet the demands of an evolving energy landscape. The work includes expanding the existing substation on property owned by Dominion Energy.

MORE

You are invited to learn more about what to expect during construction at our upcoming community meeting. The project team will be available to answer any questions you may have during our in-person meeting at the Lynnhaven Lodge in Virginia Beach, VA.

Working safely and courteously in your community is our top priority. Thank you for your patience throughout the planning of this important grid transformation project in your area

Protecting the grid against natural and man-made acts is a top priority. You can learn more about our commitment to safety at [powerlines101.dominionenergy.com](https://powerlines101.dominionenergy.com).

This map is intended to serve as a representation of the project area and is not intended for detailed engineering purposes.
