# An update to our construction schedule

## Westcott Substation Grid Transformation Project

At Dominion Energy, we are committed to keeping you informed of construction activities in your community. You are receiving this postcard because we want to update you on our construction schedule for Westcott Substation located off Rose Lane in

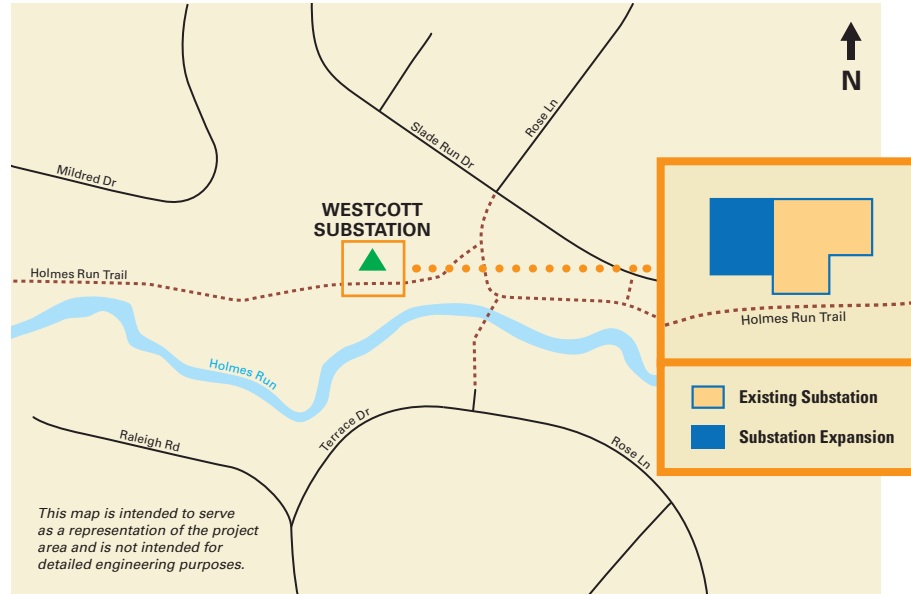

Falls Church, Virginia. This work is part of our Grid Transformation Plan, which will modernize electric infrastructure and support integration of renewable energy resources onto the electric grid.

SCAN HERE  
TO LEARN  
MORE

We originally anticipated construction would begin in spring 2024. However, delays to the project schedule have pushed the start date to later this year or early in 2025. Once we have the necessary approvals in place, construction will begin.

We appreciate your patience and understanding. We will continue to update you on our progress and provide notification prior to construction activities.

*This map is intended to serve as a representation of the project area and is not intended for detailed engineering purposes.*

Protecting the grid against natural and man-made acts is a top priority. You can learn more about our commitment to safety at [powerlines101.dominionenergy.com](https://powerlines101.dominionenergy.com).

## WESTCOTT SUBSTATION SCHEDULE UPDATE

Anticipated construction start  
in late 2024 or early 2025

Anticipated completion  
in mid-2026

Grid  
modernization

Work  
in your area

Substation  
expansion
