

WELCOME TO LAKE ANNA!

We are glad you are here— this is a special place
Dominion Energy is proud to care for.

The Lake Anna Reservoir and Waste Heat Treatment Facility (WHTF) may be the perfect spot to live and play, but Lake Anna is so much more! Behind the scenes, it plays the important role in serving to cool North Anna Power Station. While you are here:

Safely enjoy swimming
and boating activities

Reel in a
record-breaking bass

Enjoy beautiful
sunsets

No trespassing on private property—
including lake islands

No anchoring of structures into the lakebed
or shoreland without approval

No unauthorized buoys or markers
deployed in lake waters

We appreciate your help keeping Lake Anna clean, safe, and well cared for. Please visit
[DominionEnergy.com/NorthAnna](https://www.dominionenergy.com/NorthAnna) for more information or for station contact information.

Thank you for being a good neighbor and we hope you enjoy your time at Lake Anna!
