

April 29, 2022

Dear Neighbor:

Dominion Energy Virginia ("Dominion Energy") is preparing to file a special use permit associated with our Pineside Solar facility. As a long-standing corporate citizen of Buckingham County, we want to take this opportunity to provide an overview of the project.

The proposed Pineside Solar project will be a 74.9 megawatt solar facility set back from Route 20, near Bridgeport Road. The project will require approval from Buckingham County and the Virginia State Corporation Commission. If granted the necessary permits, construction is anticipated to begin as soon as 2025.

This proposed project will also be a positive contributor on providing clean energy, new tax revenues, and local economic opportunities in Buckingham.

Dominion Energy is committed to keeping you informed of the Pineside Solar project as it progresses. To that end, we are hosting an open house **5:00 p.m. - 7:00 p.m. on Thursday, May 19, 2022, at the Agricultural Service Center (54 Administration Lane Buckingham, VA 23921)**. This will be an opportunity to meet with you and your neighbors, provide an overview, and to answer any questions.

Dominion Energy looks forward to working with Buckingham County and the neighbors of the Pineside solar as we begin this significant project. Please contact me at Felix.Sarfo-Kantanka@dominionenergy.com or 804-212-8594 should you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Felix Sarfo-Kantanka, Jr." in a cursive script.
