Ruther Glen 230 kV Electric Transmission Line Project

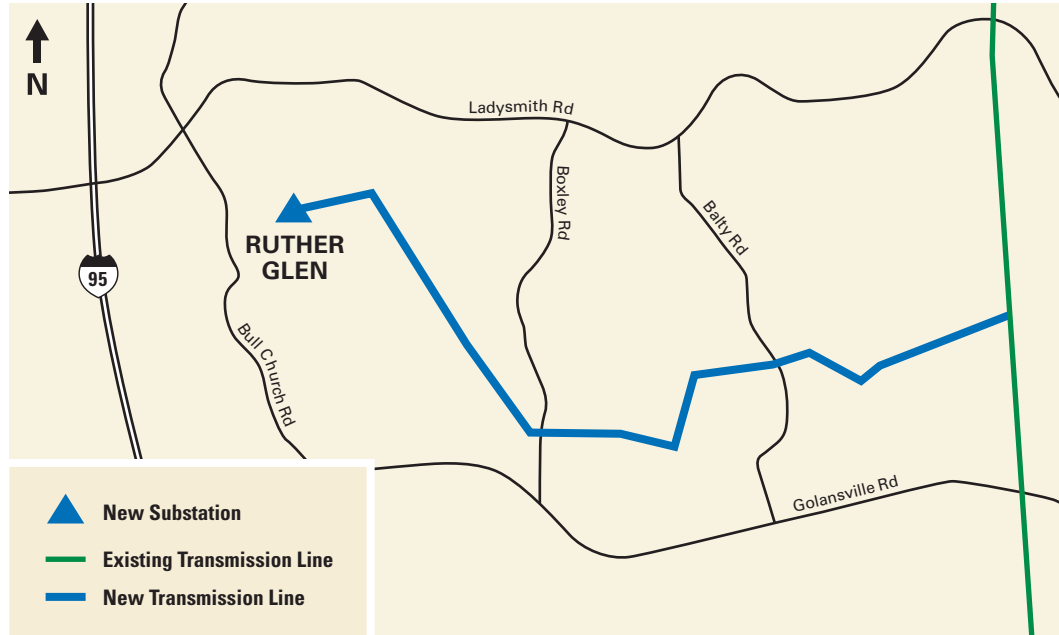

At Dominion Energy, we are committed to providing the latest information on projects in the communities we serve. You are receiving this mailer because pre-construction activities will begin soon to support the Ruther Glen 230 Kilovolt (kV) Electric Transmission Line Project in Caroline County, Virginia.

MORE

In the coming weeks, you may notice crews near your property conducting land surveys and planning for construction access. Our survey crews will identify and flag the boundaries of the right of way corridor and wetland areas. These activities will take place between late February and mid-March 2026.

Thank you for your patience as we work to complete this important stage of the project.

This map is intended to serve as a representation of the project area and is not intended for detailed engineering purposes.

Protecting the grid against natural and man-made acts is a top priority. You can learn more about our commitment to safety at powerlines101.dominionenergy.com.

UPCOMING SURVEY WORK

Crews will be in your area
marking corridors and wetlands

Late February 2026:
Survey and access activities start

Mid-March 2026:
Survey and access activities end
