

# MIDLOTHIAN TO CARSON

500 kV Transmission Line Rebuild Project

## Typical Existing Right of Way

Visualization is for discussion purposes only.  
Final design is subject to change pending public,  
engineering, and regulatory review.

Existing  
**Lattice**  
Weathering Steel

**300' Right of Way**

# MIDLOTHIAN TO CARSON

500 kV Transmission Line Rebuild Project

## Typical Proposed Right of Way

Visualization is for discussion purposes only.  
Final design is subject to change pending public,  
engineering, and regulatory review.

Proposed  
**Monopole**

Weathering Steel

**190' Tall**  
on average

**300' Right of Way**
