MORE

This spring, the Dominion Energy team met with community members regarding a transmission line upgrade project between Chickahominy Substation in Charles City County and Fredericksburg Substation in the City of Fredericksburg. The project team has determined that a portion of the proposed upgrade project will be paused. This project will now focus only on the existing transmission corridor between Elmont Substation in Hanover County and Fredericksburg Substation, in addition to work at the existing Chickahominy Substation.

You are invited to an upcoming virtual community meeting to review the latest project information. Your input is valuable as Dominion Energy prepares to submit the proposed project to the Virginia State Corporation Commission (SCC) for review this fall.

Protecting the grid against natural and man-made acts is a top priority. You can learn more about our commitment to safety at powerlines101.dominionenergy.com.

YOU'RE INVITED: UPCOMING VIRTUAL MEETING

Tuesday, August 18, 2026
12:00 p.m. to 1:00 p.m.

There will be a presentation and time
for Q&A with the project team.

Link to the virtual meeting
will be posted on the website.
