## Harrowgate – Locks 115 kV Electric Transmission Line Rebuild Project

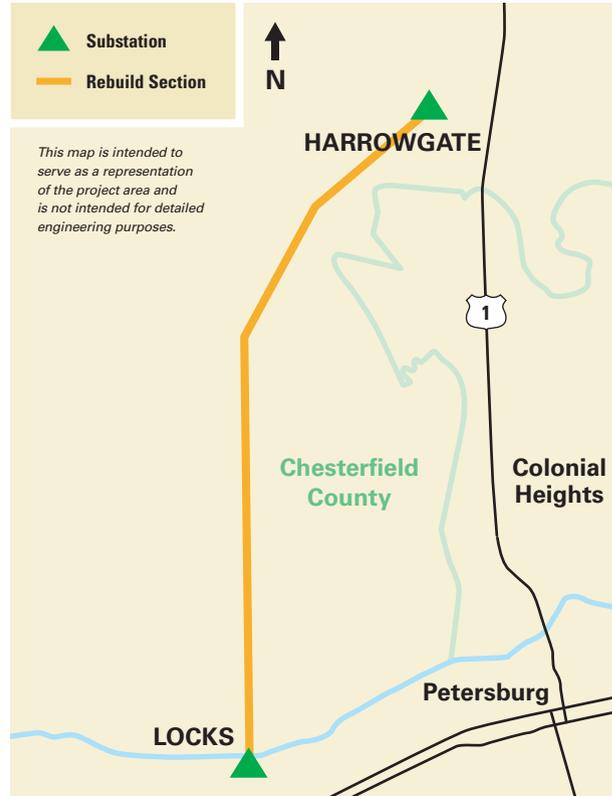

At Dominion Energy, we are committed to keeping the communities we serve informed of projects in their area. We recently announced a new project that will rebuild the existing electric transmission line between our Harrowgate Substation in Chesterfield County, and our Locks Substation in the City of Petersburg, Virginia.

**SCAN HERE TO LEARN MORE** We invite you to learn more about the project at an upcoming community meeting. Our subject matter experts will be available to answer any questions you may have. There will be no presentation, but project information will be available to view. Feel free to drop by anytime between 5 and 7 p.m.

We look forward to sharing more about the project and listening to your feedback as we move forward with construction activities.

Protecting the grid against natural and man-made acts is a top priority. You can learn more about our commitment to safety at [powerlines101.dominionenergy.com](https://powerlines101.dominionenergy.com).
