

Military and Veterans

Dominion Energy makes it a priority to recruit and retain veterans. In fact, one in every five new hires at our company is a veteran. We partner with Troops to Energy Jobs program to link veterans with rewarding careers.

We also offer on-the-job training and apprenticeship programs that are G.I. Bill eligible through the U.S. Department of Veterans Affairs.

We are proud to be consistently ranked among the top companies in the nation in helping veterans and their families find and keep jobs in the civilian workforce. These individuals make Dominion Energy a better company!
