Local Power Line Project Project Information

Waller-Lightfoot-Skiffes Creek Rebuild Project

Use your iPhone camera or the QR reader app on other smartphones to visit the project page on our website.

AT DOMINION ENERGY, we are committed to continually reviewing and analyzing our energy infrastructure to provide safe, reliable, and affordable electric service to our neighbors. You are receiving this postcard because we are currently preparing to rebuild sections of an electric transmission line between our Waller, Lightfoot and Skiffes Creek substations in Williamsburg and James City County. This work is separate from the Skiffes Creek Electric Transmission Project completed in 2019.

After nearly five decades of service, the structures and related components are at the end of their service life and need to be replaced. The right of way for this approximately 12-mile project parallels Interstate 64 north and west of Williamsburg, ending at the Skiffes Creek Substation in James City County.

Throughout the next few weeks, our crews and contractors will be in the right of way corridor collecting information as we continue planning this project. You can expect to see personnel on foot or in vehicles taking pictures and accessing the right of way, which may include use of access roads outside the right of way.

Once all necessary permits and approvals are received, construction is scheduled to begin in spring 2022. After construction is complete and the line is energized, right of way restoration will begin. We will continue to keep you updated as activities progress.

In addition, we want to inform you that in the wake of ongoing public health concerns from the spread of the coronavirus, we are mindful of our activities and maintaining property owner interactions with the appropriate social distancing.

Thank you for your patience and understanding as we work to complete this important project.

CONTACT US

Visit our website at [DominionEnergy.com/waller](https://www.dominionenergy.com/waller) for project updates. Or contact us by sending an email to powerline@dominionenergy.com or calling 888-291-0190.

WE CARE ABOUT OUR COMMUNITY and are doing everything we can to help make a difference during these unprecedented times. Currently, we are suspending all distribution disconnections and late fees. To ensure Dominion Energy customers manage their outstanding bill amounts, we ask that they continue to pay their Dominion Energy power bill as they have been. If you are unable to pay due to current financial difficulties, please call 866-366-4357 or visit [DominionEnergy.com](https://www.dominionenergy.com) for 24/7 convenient access.
