White Oak Electric Transmission Project Community Meeting

AT DOMINION ENERGY, we are committed to working courteously in the communities we serve. On Sept. 15, 2022, we held our first community meeting to present information about the proposed White Oak Electric Transmission Project in Henrico County, Virginia.

Based on your feedback during and after the meeting, we have refined the transmission routes previously shared. Your ongoing involvement is critical throughout the development of this project. We want to hear from you again before we present the final route alternatives to the Virginia State Corporation Commission (SCC) for review later this year.

We invite you to join us at Elko Middle School Thursday, Nov. 17, 2022. A brief presentation will begin at 6 p.m. to review changes made based on community feedback. An open house-style meeting will follow so you can speak directly with our project team about your specific interests.

In the meantime, there are alternate ways to engage with our project team.

- Contact us and request a meeting with a smaller group in your community
- Contact us by email or phone to discuss the project
- Review the project and leave comments in GeoVoice, which is available on the project website

COMMUNITY MEETING

Thursday, Nov. 17, 2022

6 – 8 p.m.

Elko Middle School
5901 Elko Rd., Sandston, VA 23150

The meeting will be held in the cafeteria. A brief presentation will begin at 6 p.m., followed by an open house-style event. There will be no formal Q&A session following the presentation.

REVIEW THE PROPOSED ROUTING OPTIONS with **GeoVoice**, now available on our project website. With GeoVoice, you can search by address, zoom in on areas of interest, measure distances, leave comments for our team, and more. Access GeoVoice by visiting our website or using the QR code above.
