Powering Your Every Day.

Step Into Spring with Savings

No matter your starting point, we'll help you create a home that feels just right—all year long.

Introductory Energy Assessment (30–60 min.)

A short introductory assessment helps you find simple ways to save energy—such as LED lightbulbs, water heater pipe insulation, and more.

Looking for more savings? Explore rebates for upgrades like heat pump tune-ups by finding a contractor in your area.

Comprehensive Home Energy Audit (2–4 hr.)

Invest in a comprehensive energy audit to identify high-impact upgrades for your home. Options include insulation, air sealing, and more.
