

Customers asked, **we listened.**

Running a business means juggling a lot, and your energy bill shouldn't add to the workload. When we heard from customers that our bills could be easier to understand, we decided to step it up. Coming soon, you may see a redesigned bill with a new look and new features like:

Smart organization:

The new layout makes important information easier to find.

Ways to pay:

A QR code offers a quick, easy payment option.

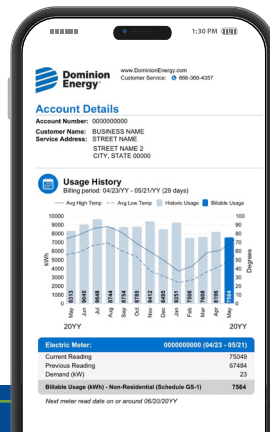

New details:

Colorful graphs break down your energy use.

You can also view your bill online.
