

**Double Rebate Offer – up to \$1,000**  
**Offer Period:** November 1, 2025 – January 31, 2026

**Eligibility Requirements**

**1. Applies to Heat Pumps Only**

This offer (up to \$1,000) is exclusively for the early replacement of electric heat pumps.

**2. Unit Must Be Operational**

The existing heat pump must be running at the time of replacement. Units that have already failed do not qualify.

**3. ENERGY STAR Certification Required**

The new heat pump must be ENERGY STAR® certified.

**4. Residential Electric Customers Only**

You must be a Dominion Energy South Carolina residential electric customer to participate.

**5. Licensed Contractor Installation**

Installation must be performed by a licensed mechanical contractor.

**6. Application Submission**

Applicants must submit a completed New Equipment Application along with a copy of proof of purchase (detailed installation invoice) within 90 days of installation.

**7. Verification Rights**

Dominion Energy South Carolina reserves and the Applicant grants Dominion Energy South Carolina the right to verify the removal and to inspect the installation. Should the facility not have the qualifying equipment installed, contrary to the information contained in the Application, the rebate must be repaid to Dominion Energy South Carolina.

**8. Additional Terms**

For a complete list of eligibility requirements and other conditions, please refer to the reverse side of the Program Application.
