

	SOLAR CHOICE	BUY ALL/SELL ALL (PR-1)	OFFSET ONLY	OFFSET/SELL
MAXIMUM PRODUCTION	Offset up to 100% of annual usage (1,000 kW Max)	≤100 kW (PR-1) 101 – 2,000 kW (PR-Standard Offer)	None	≤100 kW (PR-1) 101 – 2,000 kW (PPA)
ELIGIBILITY	Small general service non-residential customers	All non-residential customers		Medium to large general service non-residential customers
PROGRAM DESCRIPTION	You will move to the Non-Residential Rate 16-Time of Use Rate. You will consume self-generated power and be credited for excess energy delivered to DESC based upon the time period it was generated. Refer to the Rates & Tariff link below to learn more about Rate 16.	Buy under your current rate for electric service. Sell all energy generated to DESC at the PR-1 or PR-Standard Offer Rate.	Your business uses self-generated power, as needed. Any self-generated power your business does not use is considered excess energy. DESC will not net, bank, or credit your account for any excess energy. This program is suitable for solar systems that are not expected to generate excess energy.	For every kWh generated, you offset your own energy usage and receive a credit for excess generation at PR-1 or PPA rate.
TERM	10 years from the date of interconnection	Annual		
*BILLING	If you generate more energy than you use, you receive an energy credit on your monthly bill. If you use more energy than you generate, you owe the net amount.	PR-1: You receive your regular DESC monthly bill for energy used and a bill credit for energy sold. PPA and PR-Standard Offer: You receive your regular DESC monthly bill for energy used and invoice DESC for solar energy.	You are billed by DESC for all energy delivered to you by DESC.	PR-1: You receive your regular DESC monthly bill for energy used and a bill credit for energy sold. PPA and PR-Standard Offer: You receive your regular DESC monthly bill for energy used and invoice DESC for solar energy.
MONTHLY CREDITS	Excess energy delivered to DESC is credited to you at the same rate of the time period it was generated. On-peak excess energy is credited toward on-peak energy you get from DESC. Off-peak excess energy is credited toward off-peak energy you get from DESC. Super off-peak excess energy is credited toward super off-peak energy you get from DESC.	Sell all energy generated to DESC at the PR-1 or PR-Standard Offer Rate.	No credit for excess energy.	Sell your excess energy to DESC at the PR-1 or PPA rate per kW generated.
ANNUAL TRUE-UP	Annual bill credit at avoided cost for any excess energy remaining in the November billing cycle.	None		
METER REQUIREMENTS	Two (2) meters. One for solar system and one for your business.		One (1) meter	
COSTS	No monthly seller charge	PR-1: Monthly seller charge of \$4.50 PPA: Monthly seller charge of \$45.00	No monthly seller charge	PR-1: Monthly seller charge of \$4.50 PPA: Monthly seller charge of \$45.00
APPLICATION FEES	Yes. Interconnection application fees apply to all rooftop solar projects. The fee is based on the size of the solar system. Details of those fees can be found at: https://www.dominionenergy.com/south-carolina/save-energy/solar-for-your-business			

DESC is willing to negotiate a purchase agreement with any non-residential customer under PURPA utilizing a Commission-approved PPA. For complete details of our rates, along with associated charges, visit: [Dominion Energy Rates & Tariffs](#).

**You will be responsible for any other charges and fees, not related to solar, which includes the basic facility charge. All kW references are AC.*
