

|                            | <b>SOLAR CHOICE</b>   | <b>BUY ALL/ SELL ALL (PR-1)</b>   | <b>OFFSET ONLY</b>  | <b>NET ENERGY METERING (2.0 &amp; 3.0)</b>   | <b>COMMUNITY SOLAR SUBSCRIPTION</b>  | <b>COMMUNITY SOLAR PURCHASE</b>   |
|----------------------------|---|---|---|--|--|---|
| <b>AVAILABILITY</b>        | Currently available   |   |   | Not available to new participants  | Waitlist only  |   |
| <b>MAXIMUM PRODUCTION</b>  | Offset up to 100% of annual usage (20 kW Max)   | 100 kW  | None  | Offset up to 100% of annual usage (20 kW Max)  | Offset up to 100% of annual usage (20 kW Max)  |   |
| <b>ELIGIBILITY</b>         | Residential electric customers (homeowners only). <i>Not eligible for this program if renting or enrolled in community solar.</i>   |   |   |  | Residential electric customers (homeowners and renters). <i>Not eligible for this program if enrolled in another rooftop renewable energy program.</i>                                       |   |
| <b>PROGRAM DESCRIPTION</b> | You will move to the Residential Rate 5 – Time of Use Rate. You will consume self-generated power and be credited for excess energy delivered to DESC based upon the on-peak and off-peak periods defined by the Time of Use Rate.                                  | Buy under your current rate for electric service. Sell all renewable energy to DESC at PR-1 Rate. | Your home uses self-generated power, as needed. Any self-generated power your home does not use is considered excess energy. DESC will not net, bank, or credit your account for any excess energy. This program is suitable for solar systems that are not expected to generate excess energy. | Customer receives energy credit on electric bill for excess energy sent back to DESC.  | Solar array connected to DESC's grid. Nothing on your roof or property. Customer is credited monthly on their electric bill for the power produced by their proportional share of the array. |   |
| <b>METERS</b>              | Two meters. Second meter required to measure 100% of solar generation.  |   | One meter   | Two meters. Second meter required to measure 100% of solar generation.   | No additional meters required.   |   |
| <b>COSTS</b>               | Customers purchase or lease the system.   | Customers purchase or lease the system. Monthly seller charge of \$4.50.                          | Customers purchase or lease the system. No monthly seller charge.   |  | No upfront costs; \$0.20/per kW for monthly subscription fee.  | Customers purchase upfront their share of solar array at \$2.25 per watt.                           |
| <b>APPLICATION FEES</b>    | Yes. Interconnection application fee: \$100   |   |   |  | No application fee   |   |
| <b>MONTHLY CREDITS</b>     | Excess energy delivered to DESC during the defined on-peak period is credited to you at the same rate during the on-peak period. Excess energy delivered to DESC during the defined off-peak period is credited to you at the same rate during the off-peak period. | Sell all energy generated to DESC at the PR-1 rate per kWh generated.                             | None  | You receive an energy credit for any excess energy at the same energy rate as your current electric service.   | \$0.01 per kWh bill credit based on generation from subscribed panels.   | \$0.10 per kWh bill credit based on generation from purchased panels.                               |
| <b>TERM</b>                | 10 years from the date of interconnection   | Annual  |   | (2.0): Available through 12/31/2025 for customers participating by 12/31/2020<br>(3.0): Available through 5/31/2029 for customers participating by 5/31/2021   | 20-year term with potential 15-year extension. Contract with DESC's community solar provider.  |   |
| <b>*BILLING</b>            | If you generate more energy than you use, you receive an energy credit on your monthly bill. If you use more energy than you generate, you owe the net amount.  | You receive your regular DESC monthly bill for energy used and a bill credit for energy sold.     | You are billed by DESC for all energy delivered to you by DESC.   | If you generate more energy than you use, you receive an energy credit on your monthly bill. If you use more energy than you generate, you owe the net amount. | A bill credit appears on your monthly bill based on the total output from your portion of the solar farm.  |   |
| <b>ANNUAL TRUE-UP</b>      | Annual bill credit at avoided cost for any excess energy remaining in the November billing cycle.   | None  |   | Annual bill credit at avoided cost for any excess energy remaining in the November billing cycle.  | Bill credits rollover to next month. If bill credit exceeds \$300, the DESC community solar provider may choose to withhold until the customer's account balance reaches zero.               |   |
| <b>MAINTENANCE</b>         | The customer is responsible for maintenance of the system and associated equipment.   |   |   |  | Maintenance is the responsibility of DESC community solar provider.  |   |
| <b>SELLING YOUR HOME</b>   | If owned, solar system may be included as part of the house with sale of property. If leased, refer to your lease contract.   |   |   |  | Bill credits are both transferable and portable to qualified accounts within the DESC service area. Moving outside of the service area may require an early termination fee.                 | Bill credits are both transferable and portable to qualified accounts within the DESC service area. |
