

EnergyWise for Your Business | GET A POWER BOOST!

Earn up to 15% more on HVAC: Dominion Energy South Carolina's Power Boost is available to eligible non-residential electric customers and is applicable to EnergyWise for Your Business programs, excluding Small Business Energy Solutions. Customers who submit an application between July 15, 2025 and September 30, 2025 at 11:59 P.M. may be eligible for an additional incentive (15% more on HVAC). To qualify, the project must be completed by the Pre-Approval Expiration Date or submitted within 60 days of the project invoice date for eligible equipment. Applications submitted prior to July 15, 2025 do not qualify for the additional incentive.

RULES AND GUIDELINES

- The Power Boost for HVAC only is available to eligible non-residential electric customers and is applicable to EnergyWise for Your Business programs, excluding Small Business Energy Solutions.
- Completed applications must be submitted by September 30, 2025 at 11:59 P.M.*
- A complete application includes all required documentation as noted within the program application.
- The Power Boost incentive will not count towards the \$150,000 annual cap per project type.
- If a project application is submitted by September 30, 2025 at 11:59 P.M., that project will be eligible for an additional incentive, subject to funds availability.
- Applicants will be notified by email with an update on their project's Power Boost eligibility/status and required completion dates to receive the promotional incentive. Projects must be completed by the Pre-Approval Expiration Date (180 days for Retrofit Projects and 360 days for New Construction) to be eligible for the bonus. Projects extended past the original pre-approval date will not be eligible for the Power Boost incentive.
- Incentives for Unitary HVAC Equipment under \$5,000 and Heat Pump Water Heaters and Super Premium Motors under \$1,000 do not require pre-approval if a completed application package is submitted within 60 days of the project's invoice date; all other measures available on the HVAC Application require pre-approval prior to ordering, purchasing, or installing equipment.
- The Power Boost incentive is available on a first come, first served basis.
- The Power Boost may be discontinued once all available funds are fully reserved.
