

EnergyWise for Your Business

Solutions and Incentives
for Restaurants

Restaurants are very energy intensive, making energy efficiency an especially important business practice. Efficient energy use can help improve profitability, reduce greenhouse gas emissions and create a more comfortable environment for your employees and customers.

We offer a wide range of solutions and incentives to help you increase energy efficiency in your restaurants. Whether you're building a new restaurant, conducting major renovations, retrofitting inefficient equipment or purchasing new equipment, EnergyWise for Your Business can help.

Eligible equipment types include:

- High-Efficiency Food Preparation Equipment
- Refrigerators and Freezers
- High-Efficiency Refrigeration Components
- Heating & Cooling Systems
- LED Lighting

Some Facts about Energy Use in Restaurants

- 80% all electricity usage in restaurants goes toward cooking, HVAC and Refrigeration. **
- In fact, restaurants use about five to seven times more energy per square foot than other commercial buildings, like as office buildings and retail stores.**
- For restaurants, improving energy efficiency can help control costs and grow your bottom line, increase comfort for patrons and employees, enhance product display through improved lighting and keep products fresher longer with improved refrigeration.

Typical Electric Usage in Food Service Facilities

EnergyWise for Your Business incentives are limited, offered on a first-come/first-serve basis and are subject to project and customer eligibility and funds availability. For each program year (December 1–November 30), EnergyWise for Your Business incentive payments are capped per Customer Federal tax ID number at \$150,000 per project type. Project types include Lighting, HVAC & Mechanical, Food Service, Agriculture and Custom.

Most projects require pre-approval prior to purchasing and installation of equipment. Please check program requirements with the EnergyWise for Your Business team.

Available exclusively to eligible Dominion Energy South Carolina non-residential electric customers.
