

Daniel G. “Dan” Stoddard
Senior Vice President, Chief Nuclear Officer and
President-Contracted Assets

Daniel G. “Dan” Stoddard is senior vice president, chief nuclear officer and president-Contracted Assets.

He oversees the operations of the company’s seven nuclear units in three states, and more than 50 contracted solar generating facilities in nine states.

He joined Dominion in July 2006 as director-Nuclear Station Safety & Licensing, and was named site vice president-North Anna Power Station later that year. He assumed the post of vice president-Nuclear Operations in February 2010, and was promoted to senior vice president-Nuclear Operations in May 2011. He added the title of chief nuclear officer in October 2016, and assumed his current duties in December 2019.

Prior to joining the company, Stoddard was plant general manager at Progress Energy’s H.B. Robinson nuclear station in Hartsville, S.C. He held several positions at Robinson starting in August 1992.

As a member of the U.S. Navy, Stoddard served as commissioned officer and master instructor at the U.S. Naval Academy from 1989 to 1992 and as a commissioned officer on the USS James K. Polk from 1987 to 1989.

Stoddard is a licensed professional engineer and a member of the American Nuclear Society.

A 1984 graduate of the U.S. Naval Academy with a bachelor’s degree in marine engineering, Stoddard earned his master’s degree in nuclear engineering from the University of Virginia.
