

Diane Leopold
Executive Vice President and Chief Operating Officer

Diane Leopold is executive vice president and chief operating officer for Dominion Energy.

She has a broad range of operational and strategic responsibilities for all the company's operating units and major construction projects.

Leopold joined Dominion Energy in 1995 and became an officer in 2004. She held a wide range of executive roles in operational, financial, and commercial areas throughout the company. She became Dominion Energy's executive vice president and co-chief operating officer in December 2019. In October 2020, she became executive vice president and chief operating officer.

In addition to being on the board of directors of Markel Corporation, she currently serves on various industry, non-profit and community boards. She is on the boards of the Nuclear Electric Insurance Limited, GROW Capital Jobs Foundation, the Jamestown-Yorktown Foundation, World Pediatrics, and the Atlantic Council. Leopold serves on the executive committee, board and is past-chair of the American Gas Association and is past-chair of the Interstate Natural Gas Association of America.

Leopold graduated from the University of Sussex in the United Kingdom in 1989 with a bachelor's degree in mechanical and electrical engineering. She received a master's degree in electrical engineering (energy conversion, power and transmission) in 1993 from George Washington University and an MBA in 1998 from Virginia Commonwealth University.
