Did you know you have 37 energy conservation programs available in Virginia to choose from?

Including 11 new programs Dominion Energy be offering soon.

These programs can help you conserve energy and take advantage of savings at home.

And provide ways to help businesses save energy and lower costs too.

So far our energy conservation programs have helped nearly half a million customers.

Including more than 58,000 customers through our income-qualifying programs.

All told, over 8 million LED light bulbs have been discounted.

And more than 42,000 Energy Star appliances have been discounted in over 500 local participating retail stores – now that's some major savings.

In addition, we've issued more than \$240 million in rebates.

Including over 12,000 homes through the Home Energy Assessment program and over 3,700 rebates issued for small business energy saving measures.

That's more than 5,900 gigawatt hours in program energy savings, which equates to enough energy to power nearly 500,000 homes.

We're always working on ways to help our customers save energy, year after year.

And we're just getting started.
