Section 1

Notification of Completion

Virginia Electric and Power Company d/b/a Dominion Virginia Power (Dominion) owns and operates the Mount Storm Power Station (Station). The Station operates five low volume waste settling ponds (LVWSP) (Pyrite Pond and Ponds A, B, C, and D), which meet the definition of coal combustion residual (CCR) surface impoundments under the United States Environmental Protection Agency (USEPA) Disposal of Coal Combustion Residuals From Electric Utilities Final Rule (CCR Rule). Dominion is submitting this notification that retrofit activities specified in 40 Code of Federal Regulations (CFR) 257.102(k)(1) and as described in the Retrofit Plan for the Pyrite Pond dated May 2016 were completed on October 28, 2016.

Section 2 Certification

I, the undersigned WV Professional Engineer, hereby certify that I am familiar with the technical requirements of 40 CFR 257.102. I also certify that it is my professional opinion that, to the best of my knowledge, information, and belief, that the activities outlined in the Retrofit Plan for the Pyrite Pond have been completed in accordance with current good and accepted construction and engineering practice(s) and standard(s) appropriate to the nature of the project and the technical requirements of 40 CFR 257.102 (k)(2).

For the purpose of this document, “certify” and “certification” shall be interpreted and construed to be a “statement of professional opinion”. The certification is understood and intended to be an expression of my professional opinion as a WV Registered Professional Engineer, based upon knowledge, information, and belief. The statement(s) of professional opinion are not and shall not be interpreted or construed to be a guarantee or a warranty of the retrofit activities.
