

**NOTIFICATION OF INTENT TO CLOSE CCR SURFACE IMPOUNDMENTS
POSSUM POINT POWER STATION**

The Possum Point Power Station (“Station”) is located in Dumfries, Virginia at 19000 Possum Point Road, adjacent to Quantico Creek. The Station includes four inactive Coal Combustion Residuals (“CCR”) surface impoundments as defined by the Federal Hazardous and Solid Waste Management System; Disposal of Coal Combustion Residuals from Electric Utilities; Final Rule (40 C.F.R. Part 257, Subpart D; “CCR rule”): Ponds ABC and Pond E. Dominion intends to initiate closure of these inactive CCR surface impoundments under the requirements of 40 C.F.R. §257.102 of the CCR rule. This Notification of Intent to Close CCR Surface Impoundments has been prepared pursuant to 40 C.F.R. §257.102(g) of the CCR rule and, in light of recent amendments to the CCR rule concerning inactive CCR surface impoundments [see 81 Fed. Reg. 51,802 (August 5, 2016)], is intended to update the Notification of Intent prepared in December 2015.

Ponds ABC and Pond E will complete closure by removal of CCR in accordance with 40 C.F.R. §257.102 (c) of the CCR rule, which is expected to be completed in 2018.
