## Balcony Falls-Skimmer 115 kV Electric Transmission Line Rebuild

AT DOMINION ENERGY, we are committed to continually reviewing and analyzing our energy infrastructure to provide safe, reliable, and affordable electricity to our neighbors. You are receiving this postcard because we would like to provide an update on the Balcony Falls-Skimmer 115 kV Electric Transmission Line Rebuild Project.

We continue to coordinate with permitting agencies and project stakeholders. Phase 1 construction from Cushaw-Skimmer is currently scheduled to begin in February 2022. Phase 2 construction from Balcony Falls-Cushaw will begin in late 2022.

Due to the ongoing public health concerns resulting from the spread of the coronavirus, we plan to host a virtual preconstruction community meeting in December 2021. You will receive an invite to this meeting once details are finalized. In advance of the meeting, we encourage you to visit the project's dedicated webpage at [DominionEnergy.com/balconyskimmer](https://DominionEnergy.com/balconyskimmer). This page will provide details on the need for the project, maps, and information on structural changes.

In addition, we want to inform you that we are mindful of our activities and maintaining property owner interactions with the appropriate social distancing.

Please know that we are dedicated to working safely and courteously in your community. We will continue to keep you updated on our progress.
