## Buggs Island-Plywood 115 kV Electric Transmission Line Rebuild

AT DOMINION ENERGY, we are committed to working safely and courteously in the communities we serve. You are receiving this postcard because we would like to provide an update to the Buggs Island-Plywood 115 kV Electric Transmission Line Rebuild Project in Halifax and Mecklenburg counties, Virginia.

Line construction on phase 1 of the project from Kinderton-Omega is nearly complete. Once this work is finished, crews will remove temporary access roads and restore the right of way.

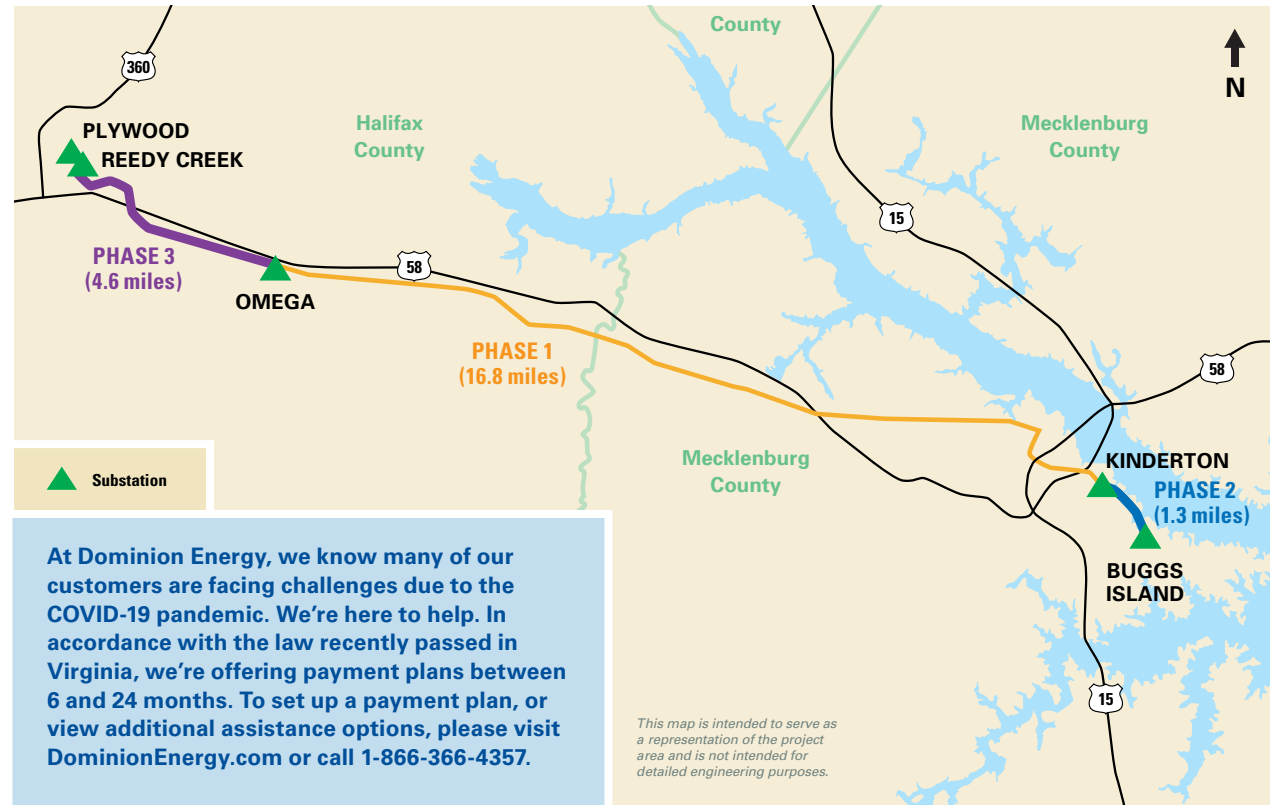

Throughout the next few weeks, our crews will begin construction on phase 2 from Buggs Island-Kinderton and phase 3 from Plywood-Omega. Phase 2 construction is scheduled to be completed in summer 2021 and phase 3 in fall 2021. Crews will then restore the work areas to their previous conditions. Your electricity is not expected to be interrupted as a result of this project.

In addition, we want to remind you that in the wake of ongoing health concerns from the spread of the coronavirus, we are mindful of our activities and maintaining property owner interactions with the appropriate social distancing.

We appreciate your patience and understanding as we complete this important project.

### CONTACT US

Visit our website at [DominionEnergy.com/buggsplywood](https://www.dominionenergy.com/buggsplywood) for project updates or [voh.dominionenergy.com](https://www.voh.dominionenergy.com) for more information about construction.
