Join us at our Community Meeting

Edsall 230 kV Electric Transmission Project

At Dominion Energy, we are committed to continually reviewing and analyzing our energy infrastructure to provide safe, reliable, and affordable electricity to our neighbors. You are receiving this postcard because we

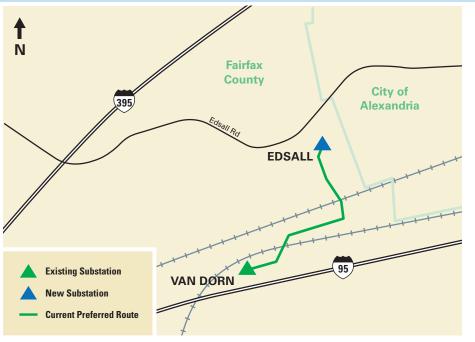

SCAN HERE TO LEARN MORE would like to invite you to our community meeting for the upcoming Edsall 230 kV Electric Transmission Project.

This project is necessary due to the rapid growth in electrical demand in Fairfax County, Virginia. We have studied several routing options, all of

which include new overhead electric transmission structures and a proposed 100-foot right-of-way.

Work will primarily take place north of Interstate 495 between Farrington Avenue and Edsall Road. The proposed routes are less than one mile long.

There will not be a formal presentation, so please arrive at the community meeting anytime. You can access our project website for more information. For more details, please visit DominionEnergy.com/edsall.

This map is intended to serve as a representation of the project area and is not intended for detailed engineering purposes.

Protecting the grid against natural and man-made acts is a top priority. You can learn more about our commitment to safety at powerlines101.dominionenergy.com.

COMMUNITY MEETING DETAILS

Tuesday, April 9, 2024 5:30 p.m. – 7:30 p.m.

There is no formal presentation; stop by anytime during the meeting.
