Belmont-Beaumeade 230 kV Rebuild Project

AT DOMINION ENERGY, we are committed to continually reviewing and analyzing our energy infrastructure to provide safe, reliable, and affordable electricity to our neighbors. You are receiving this postcard because we are currently preparing to rebuild an electric transmission line between our Belmont and Beaumeade substations in Loudoun County, Virginia. The project is necessary to maintain reliable electric service and avoid any violations of the North American Electric Reliability (NERC) standards.

For nearly five miles along the W&OD (Washington and Old Dominion) Trail, we will replace overhead wires between the transmission structures with new wires. We will also replace aging lattice structures with new, taller steel double-circuit monopoles, and replace one single-circuit structure.

As we prepare for this important project, you can expect to see personnel on foot or in vehicles accessing the right of way, which may include use of access roads outside the right of way. In addition, we want to inform you that in the wake of ongoing public health concerns from the spread of the coronavirus, we are mindful of our activities and maintaining proper social distancing.

Please know that we are dedicated to working safely and courteously in your community and we will continue to keep you updated on our progress.

CONTACT US

Visit our website at [DominionEnergy.com/belmont](https://www.dominionenergy.com/belmont) for project updates. Or contact us by calling 888-291-0190 or sending an email to powerline@dominionenergy.com.

At Dominion Energy, we know many of our customers are facing challenges due to the COVID-19 pandemic. We're here to help. In accordance with the law recently passed in Virginia, we're offering payment plans between 6 and 24 months. To set up a payment plan, or view additional assistance options, please visit [DominionEnergy.com](https://www.dominionenergy.com) or call 1-866-366-4357.

PROJECT TIMELINE

To learn more about this project, we invite you to attend a virtual community meeting May 6, 2021 from 5–6 p.m. To learn more, visit [DominionEnergy.com/belmont](https://www.dominionenergy.com/belmont). We intend to file for state regulatory approval in May 2021.

This map is intended to serve as a representation of the project area and is not intended for detailed engineering purposes.
