Dominion Energy – Towerview Substation
13915 Park Center Road – Tax Map No. 24-1-(91)-11C2
Public Facility Review Application No. 2232-2024-SU-00008
Virtual Informational Meeting - Thursday, December 12, 2024 – 6:30 p.m.

Dear Neighbor:

At Dominion Energy, we remain committed to providing safe, affordable and increasingly clean electricity. We also remain committed to keeping our neighbors informed of projects in the communities we serve.

You are receiving this letter because we have submitted a Public Facility Review Application (PFR 2232-2024-SU-00008) to Fairfax County to construct a utility substation near Park Center Road. The proposal involves a new substation within the limits of a data center property located at 13915 Park Center Road.

To provide an overview of the proposal, we have scheduled a virtual informational meeting on Thursday, December 12, 2024, from 6:30 – 7:30 p.m. During the meeting, our project team will discuss the project and answer questions during a live Q&A session. A recording will be available later, on the project website for anyone unable to attend.

To access the meeting, please visit DominionEnergy.com/NOVA to find a link to the virtual meeting. You can also join by phone by calling 1-415-655-0002 and using access code: 2342 141 5578.

Sincerely,

The Electric Transmission Project Team
