MORE

Transmission Line Project. Phase 1 runs from the proposed Unity Substation in Lunenburg County to south of the Meherrin River in Mecklenburg County.

We would like to invite you to an informational community meeting on Thursday, January 11, to learn more about the project. Our construction

team and other subject matter experts will be in attendance to answer your questions and share our plans. We will also have informational display boards and maps available for your reference. There will be no formal presentation, so feel free to drop by Kenbridge Town Hall any time between 5 pm and 7 pm.

We will host an informational meeting about Phase 2 later in 2024.

If you are unable to attend these meetings in person, please contact us and we will be happy to answer any questions you have about the project. Thank you for your patience and understanding as we work in your community.

This map is intended to serve as a representation of the project area and is not intended for detailed engineering purposes.

Protecting the grid against natural and man-made acts is a top priority. You can learn more about our commitment to safety at powerlines101.dominionenergy.com.
