An update on construction in your community

South Hill 230 kV Electric Transmission Line

At Dominion Energy, we are committed to keeping you informed of active construction in your community. Please note: the South Hill 230 kV Project is not related to solar farm work happening in the area.

PHASE 1: Currently, crews are conducting forestry work and building access roads. Crews are actively installing structure foundations and delivering materials for upcoming structure installation.

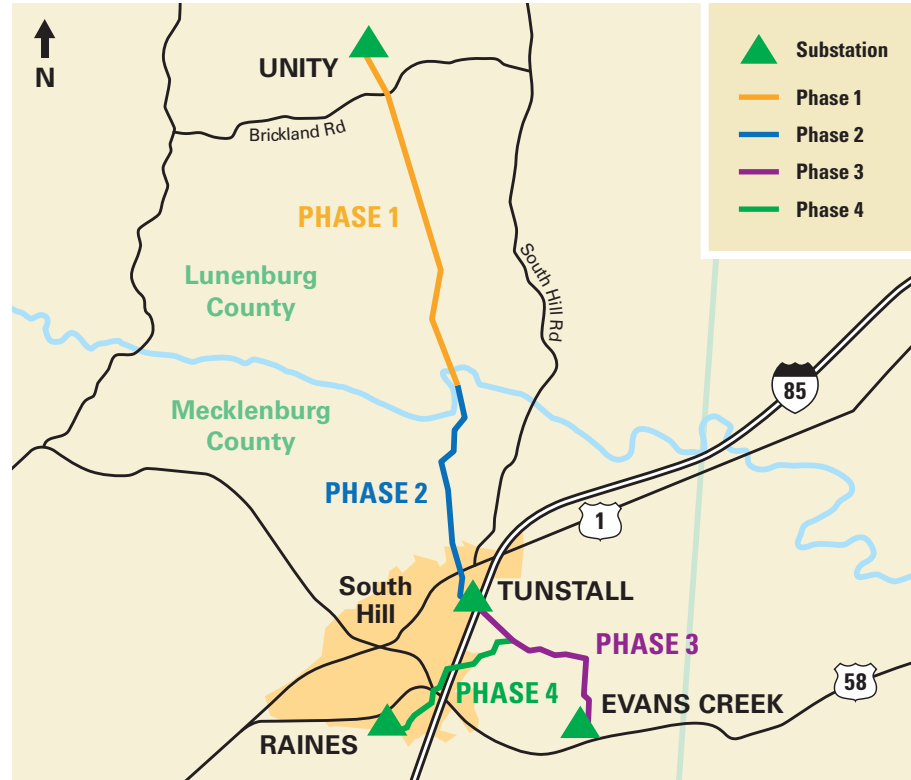

SCAN HERE TO LEARN MORE

PHASES 2 and 3: In fall 2024, crews will begin forestry activities and build access roads.

PHASE 4: In early 2025, crews will begin forestry activities and build access roads. We will host a pre-construction community meeting so neighbors will know what to expect. More details about the meeting will be sent soon.

We anticipate completing all work by the end of 2025 with restoration efforts continuing into 2026. Thank you for your patience and understanding as we work to power your every day.

Protecting the grid against natural and man-made acts is a top priority. You can learn more about our commitment to safety at powerlines101.dominionenergy.com.
