

SOLAR ENERGY TREDEGAR CAMPUS

Dominion Energy is proposing to construct a solar array on top of the parking garage at the Tredegar Campus in Richmond, Virginia.

OVERVIEW

Over the next 15 years, Dominion Energy plans to add enough solar energy to power 4 million homes when the sun is shining in support of Virginia's plan for 100% zero-carbon electricity by 2045 and our goal of net zero carbon and methane emissions across all the states in which we operate by 2050.

In order to meet these renewable energy and sustainability targets, we at Dominion Energy are exploring all types of opportunities to develop solar and other clean energy resources. We are currently advancing one such project in the City of Richmond and are pleased to share more information with you today.

This project, which is being done in partnership with Sun Tribe, calls for a small solar array to be located on the top floor of the existing parking garage at our Tredegar Street campus along the James River.

Once up and running, this solar array will generate enough energy equal to powering 120 homes — **without impacting the views from the Oregon Hill neighborhood and the surrounding area.**

Furthermore, **we intend to dedicate any revenue generated by the array to support education initiatives in Richmond**, pending necessary approvals.

ABOUT SUN TRIBE

Sun Tribe — a solar developer based in Charlottesville, Va. — is one of the fastest-growing clean energy companies in the mid-Atlantic and the largest provider of public sector on-site renewable energy in Virginia. Sun Tribe has also partnered with Dominion Energy and its affiliate, BrightSuite, on deploying solar energy projects across the Commonwealth.

For more information on Sun Tribe, please visit www.suntribesolar.com.

QUESTIONS

We believe this is a perfect opportunity to work within existing guidelines to advance renewable energy in the city. Should you have any questions or comments on this proposal, please feel free to contact **Felix Sarfo-Kantanka** at **804-212-8594**.

TYPE Solar Array

LOCATION Tredegar Campus in Richmond, Va.

DESIGN Rooftop Canopy

ENGINEERING & CONSTRUCTION
Sun Tribe

SIZE 480 kW

CURRENT STATUS Dominion Energy has recently submitted a letter to the City of Richmond outlining its plans to move forward under an existing rezoning and special use permit.
