

March 22, 2022

Dear Neighbor:

Dominion Energy Virginia (“Dominion Energy”) has filed a conditional use permit application with Brunswick County requesting zoning approval of an up to 300 MW solar facility to be known as “Rocky Run Solar” (the “Project”). If approved, the Project would be located on the southeastern side of the County near Harris Crossroads and along its border with Greensville County. The Project’s northern boundary is along Dry Bread Road, and the southern boundary is Rattlesnake Creek. Some of the property included in the Project borders Triplet Road on the west. Halifax Road and Seward Forest Road run through the middle of the Project. The Project site is made up of primarily timber tracts and an existing transmission line runs through the property. As proposed, there will be substantial setbacks and extensive screening to minimize any visibility of the Project from adjacent properties and public roadways.

Dominion Energy is committed to keeping you informed of the Rocky Run Solar Project throughout the zoning process. Please join us at an open house on **Tuesday 4/5/2022, from 5:00 p.m. to 7:00 p.m. at the Brunswick County Conference Center (100 Athletic Field Road, Lawrenceville, VA 23868)** to learn more about the Project and to ask any questions you may have. There will also be public hearings before the Brunswick County Planning Commission and the Brunswick County Board of Supervisors in the coming months on the proposed Project.

Dominion Energy looks forward to working with Brunswick County and the neighbors of the Rocky Run Solar Facility as we begin this important project. Please contact Earnest Greene ([Earnest.Greene@dominionenergy.com](mailto:Earnest.Greene@dominionenergy.com)) at 804-350-0742 or Robin Lucey ([Robin.L.Lucey@dominionenergy.com](mailto:Robin.L.Lucey@dominionenergy.com)) at 804-212-5426 should you have any questions or concerns.

Sincerely,

A handwritten signature in cursive script that reads "Earnest H. Greene".
