

# IT'S GOOD TO HAVE CHOICES

Dominion Energy Ohio's Energy Choice program helps compare your natural gas options.

The Energy Choice program allows you to pick your own supply option. Eligible customers can participate in one of the following three ways:

1. Review the supplier options and choose the offer that's best for you.
2. Join a group buying program (aggregation) if one is available in your area.
3. Or choose not to make a choice—and receive natural gas from an approved supplier at Dominion Energy's default rate.

Already made a choice? Then you don't have to do a thing until you decide it's time to review your options.

Visit **[DominionGasChoice.com](https://DominionGasChoice.com)**, **[EnergyChoice.Ohio.gov](https://EnergyChoice.Ohio.gov)** or call **800-686-PUCO (7826)** to learn more about your energy choices, as well as current prices and plans.
