1. This is a conversion rebate for residential customers replacing an existing electric, oil, or propane water heater with a new natural gas water heater (tank or tankless). Residential customers replacing an existing natural gas water heater with a new natural gas water heater (tank or tankless) are not eligible for this rebate.
2. Only one rebate will be issued per account.
3. Rebates are issued as bill credits. Please allow 6 – 8 weeks for rebate processing.
4. Residential customer should send a contractor receipt or other proof of purchase and installation to the below address indicating the specific equipment that was installed and that a conversion to a natural gas water heater was completed.
5. Residential customer should send a copy of their invoice showing the converted installation to:
