Our utility assistance is a vital part of keeping your electricity on, keeping basic needs met for the individuals that we serve. LIHEAP funds go strictly for energy assistance. Um, so what we're able to do is through that partnership, we know what customers need assistance. We're able to get that money over to Dominion quickly, um because we have the partnership.

We appreciate tremendously what Dominion does to help us um, and how we even partner in the community at events, uh, to spread the word. Um, so it's not just a, a single area of partnership, but it's multi-faceted. Where we can all work together to serve more people and to serve more people efficiently, um, by working together.
