<DATE>

**Subject: Manufacturers Declaration of Power Limitation for XXXXXXXXX**

The purpose of this letter is to provide a manufacturers declaration of power limitation for the <name & model> inverter as per below:

<b>Model:</b>	<name & model>
<b>Rated Output Power:</b>	#### kW / #### kVA
<b>Output Power Limitation:</b>	#### kW / #### kVA

This letter certifies the following:

1. The inverters will be power limited to #### kW for a total power limitation of #### kW for # inverters.
2. The power limit will be set by (Manufacturer) representatives and is password protected.
3. The power limit setting password will only be available to (Manufacturer) representatives and can only be changed by (Manufacturer).
4. The power limit cannot be changed without written consent by Dominion Energy South Carolina

The inverter rated power limit in kW will be on a label and mounted on the exterior of the inverter by each nameplate prior to the inverters being placed in service.

If there is any additional information you require, please do not hesitate to contact me.

Regards,
