

Small Business Energy Solutions

Snapshots of Success

"The reduced out-of-pocket expense to participate combined with our incentive payout and an attractive energy and cost savings projection make for a great story. We are pleased customers are happy to share their experience through our "snapshots of success".

— Annika Goodson
Program Manager
Small Business Energy Solutions

Big Savings for Your Small Business

Available to small business and nonprofit electric service customers with five or fewer electric accounts and an annual energy use of 350,000 kWh or less, which includes a minimum of 12 months of service.

- Retail Shops
- Health Facilities
- Office Buildings
- Small Nonprofits
- Convenience Stores
- Warehouse Facilities
- Gas Stations
- Restaurants
- Grocery Stores
- Churches
- Auto Shops

Since 2015, we've paid more than **\$21 million** in incentives, representing over **6,400** projects for small business customers in South Carolina.

Key features include:

- FREE on-site energy analysis of lighting and/or HVAC systems.
- Financial incentives that cover up to 90% (not to exceed \$6,000) of the total cost.
- Fast return on investment.
- Pre-qualified, local contractors to perform the work at your convenience.

Program Contractors:
LED Lowcountry • Matrix Energy Services • MSS Solutions

To schedule your FREE onsite energy analysis, contact us at:

1-877-784-7234 | EnergyExperts@SC.DominionEnergyAccount.com | DominionEnergy.com/SmallBizSC

Small Business Energy Solutions is available exclusively to Dominion Energy South Carolina non-residential electric service customers. Some restrictions apply.

Summerville Antique Gallery

Summerville, SC

"Incentives made this possible. I could not have afforded otherwise. We are very pleased with the brighter lights and with Martin and Jonathan who were very nice and professional."

"I also saw savings that encouraged me to make it a requirement for over 100 of my vendors to use LED bulbs in their booths. I will be glad to give a good referral to anyone. Give them my number!"

— Rick Moore, Owner

Project Type	Interior/Exterior Lighting
Annual Energy Savings	14,664 kWh/year
Total Project Cost	\$7,859.86
Dominion Energy Paid	\$6,000.00*
Estimated Cost Savings	\$1,923.05/year
Payback Period	0.97 years

High-Density Spacesaving Systems

Eutawville, SC

"Since making the lighting upgrades more than a year ago, we haven't replaced a single bulb. We have greater visibility throughout our facility, and our electrical usage is down. I would absolutely recommend the program to others. We are really pleased."

— Richard Thompson, Office Manager and Bookkeeper

Project Type	Interior Lighting
Annual Energy Savings	19,248 kWh/year
Total Project Cost	\$3,871.55
