

	SOLAR CHOICE	BUY ALL/SELL ALL (PR-1)	OFFSET ONLY	OFFSET/SELL	NET ENERGY METERING (2.0 & 3.0)
AVAILABILITY	Currently available				Not available to new participants
MAXIMUM PRODUCTION	Offset up to 100% of annual usage (1,000 kW Max)	100 kW (PR-1) > 100 kW (PR-Standard Offer)	None	100 kW (PR-1) > 100 kW (PR-Standard Offer)	Offset up to 100% of annual usage (1,000 kW Max)
ELIGIBILITY	Small general service non-residential customers	All non-residential customers		Medium to large general service non-residential customers	All non-residential customers
PROGRAM DESCRIPTION	You will move to the Non-Residential Rate 16 – Time of Use Rate. You will consume self-generated power and be credited for excess energy delivered to DESC based upon the on-peak and off-peak periods defined by the Time of Use Rate.	Buy under your current rate for electric service. Sell all energy generated to DESC at the PR-1 or PR-Standard Offer Rate.	Your business uses self-generated power, as needed. Any self-generated power your business does not use is considered excess energy. DESC will not net, bank, or credit your account for any excess energy. This program is suitable for solar systems that are not expected to generate excess energy.	For every kWh generated, you offset your own energy usage and receive a credit for excess generation at PR-1 or PR-Standard Offer Rate.	Customer receives energy credit on electric bill for excess energy sent back to DESC.
TERM	10 years from the date of interconnection	Annual			(2.0): Available through 12/31/2025 for customers participating by 12/31/2020 (3.0): Available through 5/31/2029 for customers participating by 5/31/2021
*BILLING	If you generate more energy than you use, you receive an energy credit on your monthly bill. If you use more energy than you generate, you owe the net amount.	You receive your regular DESC monthly bill for energy used and a bill credit for energy sold.	You are billed by DESC for all energy delivered to you by DESC.	You receive your regular DESC monthly bill for energy used and a bill credit for energy sold.	If you generate more energy than you use, you receive an energy credit on your monthly bill. If you use more energy than you generate, you owe the net amount.
MONTHLY CREDITS	Excess energy delivered to DESC during the defined on-peak period is credited to you at the same rate during the on-peak period. Excess energy delivered to DESC during the defined off-peak period is credited to you at the same rate during the off-peak period.	Sell all energy generated to DESC at the PR-1 or PR-Standard Offer Rate.	No credit for excess energy.	Sell your excess energy to DESC at the PR-1 or PR-Standard Offer Rate per kW generated.	You receive an energy credit for any excess energy at the same energy rate as your current electric service.
ANNUAL TRUE-UP	Annual bill credit at avoided cost for any excess energy remaining in the November billing cycle.	None			Annual bill credit at avoided cost for any excess energy remaining in the November billing cycle.
METER REQUIREMENTS	Two (2) meters. One for solar system and one for your business.		One (1) meter		Two (2) meters. One for solar system and one for your business.
COSTS	No monthly seller charge (placeholder pending Commission review).	PR-1: Monthly seller charge of \$4.50 PR-Standard Offer. Monthly seller charge of \$45.00.	No	PR-1: Monthly seller charge of \$4.50 PR-Standard Offer. Monthly seller charge of \$45.00.	No monthly seller charge
APPLICATION FEES	Yes. Interconnection application fees apply to all rooftop solar projects. The fee is based on the size of the solar system. Details of those fees can be found at: https://www.dominionenergy.com/south-carolina/save-energy/solar-for-your-business				
ARE RENEWABLE ENERGY CREDITS (RECs) AVAILABLE TO CUSTOMERS?	Yes				RECs are retained by DESC under this program.

DESC is willing to negotiate a purchase agreement with any non-residential customer under PURPA utilizing a Commission-approved PPA.

For complete details of our rates, along with associated charges, visit: [Dominion Energy Rates & Tariffs](#).

**You will be responsible for any other charges and fees, not related to solar, which includes the basic facility charge. All kW references are AC.*
