

Dominion Energy Green Power

CUSTOMER HIGHLIGHT

Jesse and Brittany Robertson, with their dog Grayson *Newport News, Virginia*

“We became Dominion Energy Green Power® customers right after we moved to Virginia and purchased this house, and it’s been great. We’re first time homeowners trying to do what we can to be environmentally responsible, so the program is a great fit—we make a big difference for a very reasonable monthly price. It’s so easy that if it weren’t for the sticker in our window, we’d forget that we were doing such a good thing.”
