

### Direct Install Measures for Residential Home Retrofit Program

| Item                                  | Direct Install Measure               | Incentive Per Measure* | Measure Limitations  |
|---------------------------------------|--------------------------------------|------------------------|--|
| <b>Hot Water Appliances</b>           |                                      |                        |  |
| 1                                     | ¾" WH Pipe Insulation                | \$6.07 per linear ft   | Electric Water Heaters Only  |
| 2                                     | ½" WH Pipe Insulation                | \$4.03 per linear ft   |  |
| 3                                     | WH Turndown 10 degrees               | \$1.70                 |  |
| <b>LED Bulbs</b>                      |                                      |                        |  |
| 4                                     | Decorative LED 25W Equivalent        | \$4.24                 | Eligible for Bulbs in Use at least 2 Hours per Day<br>AND<br>Eligible to All Homes with Electricity, including Homes with Gas or Other Heating Fuels |
| 5                                     | Decorative LED 40W Equivalent        | \$6.82                 |  |
| 6                                     | LED Globe 25W Equivalent             | \$4.34                 |  |
| 7                                     | LED Globe 40W Equivalent             | \$3.50                 |  |
| 8                                     | LED Downlight 50W Equivalent         | \$9.32                 |  |
| 9                                     | LED Downlight 65W Equivalent         | \$11.37                |  |
| 10                                    | LED Downlight 75W Equivalent         | \$13.23                |  |
| 11                                    | LED Downlight 85W Equivalent         | \$15.09                |  |
| <b>Efficient Faucets and Aerators</b> |                                      |                        |  |
| 12                                    | Fixed Showerhead (1.5 GPM max)       | \$22.87                | Electric Water Heaters Only  |
| 13                                    | Handheld Showerhead (1.5 GPM max)    | \$42.87                |  |
| 14                                    | Kitchen Swivel Aerator (1.5 GPM max) | \$6.50                 |  |
| 15                                    | Bathroom Aerator (1.5 GPM max)       | \$6.50                 |  |

### Major Measures for Residential Home Retrofit Program

| Item | Major Measure  | Incentive Per Measure* |
|------|--|------------------------|
| 16   | Tune-Up on Heat Pump System                                  | \$39                   |
| 17   | Tune-Up on Central AC only                                   | \$25                   |
| 18   | Duct Insulation on Heat Pump System                          | \$0.35 per linear ft   |
| 19   | Duct Insulation on Central AC only                           |                        |
| 20   | Heat Pump Upgrade – 16.0 SEER & HSPF 8.7                     | \$156                  |
| 21   | Heat Pump Upgrade – 17.0 SEER & HSPF 9.2                     | \$195                  |
| 22   | Heat Pump Upgrade – 18.0 SEER & HSPF 9.2                     | \$234                  |
| 23   | Heat Pump Upgrade – 19.0 SEER & HSPF 10.0                    | \$273                  |
| 24   | Heat Pump Upgrade – 21.0 SEER & HSPF 10.5                    | \$312                  |
| 25   | Mini Split Heat Pump Upgrade – 19.0 SEER & HSPF 10.0         | \$195                  |
| 26   | Heat Pump Water Heater Replacement                           | \$234                  |
| 27   | ECM Fan Motor on Heat Pump or Central AC (with Gas Furnace)  | \$39                   |
| 28   | Smart to Central Home Energy Management System               | \$400                  |
| 29   | Smart Thermostat on Heat Pump System, replacing Manual       | \$90                   |
| 30   | Smart Thermostat on Central AC only, replacing Manual        | \$40                   |
| 31   | Smart Thermostat on Heat Pump System, replacing Programmable | \$90                   |
| 32   | Smart Thermostat on Central AC only, replacing Programmable  | \$40                   |

\*For more information, please call 1-888-366-8280. The program is available until fully subscribed. Rebate amounts are subject to modification without notice, and measure installations must be complete before rebates will be paid. Only the measures listed in the chart are eligible for rebates. Air Sealing must be performed prior to installation of Insulation measures, consistent with BPI standards. Your contractor may recommend additional energy saving measures, but only the ones listed in the chart should be included in your rebate application. Fuel switching is not permitted within the rebate program.

| Item | Major Measure  | Minimum Requirements  | System Type   | Incentive Per Measure* |                  |
|------|--|---|---|------------------------|------------------|
| 33   | Air Sealing*   | Limited Reduction<br>< 20% or 2,000 CFM<br>Reduced                | Central AC + Gas Heat   | \$25 per home          |                  |
| 34   |  |   | Heat Pump System  | \$100 per home         |                  |
| 35   |  |   | Electric Resistance Heat  |                        |                  |
| 36   |  |   | Electric Resistance Heat & Central AC                                       |                        |                  |
| 37   |  | Moderate Reduction<br>20 - 30% or<br>2,000 - 3,000 CFM<br>Reduced | Central AC + Gas Heat   | \$25 per home          |                  |
| 38   |  |   | Heat Pump System  | \$150 per home         |                  |
| 39   |  |   | Electric Resistance Heat  |                        |                  |
| 40   |  |   | Electric Resistance Heat & Central AC                                       |                        |                  |
| 41   |  | Extensive Reduction<br>> 30% or 3,000 CFM<br>Reduced              | Central AC + Gas Heat   | \$50 per home          |                  |
| 42   |  |   | Heat Pump System  | \$200 per home         |                  |
| 43   |  |   | Electric Resistance Heat  |                        |                  |
| 44   |  |   | Electric Resistance Heat & Central AC                                       |                        |                  |
