

Note: Your piping system may be different from illustration.

WV 811 member companies will attempt to mark gas lines prior to excavation with yellow flags or yellow spray paint up to the meter, not after.

Ground Level

Road

Mainline

Our Service Line
("Main-to-Curb")

Curb
Stop/Valve

Your Service Line
("Curb-to-Meter")

If the line is replaced, it must be inspected/tested and have all of the plastic joints inspected by the Gas Company.

Meter

House Lines

Your Home

The customer or property owner is responsible for all gas piping and appliances after the meter.
